Strategic driver ...

... the European Statistics Code of Practice

"The European Statistical System will be a world leader in statistical information services and the most important information provider for the European Union and its Member States."

... our common self-image

"The <u>statistical offices of the Federation and the Länder will</u> be the leading provider of high-quality and comprehensive statistical information on Germany, its Länder and communities..."

There is still some way to go:

consolidated progress report

- What does
 progress mean?
- Can progress be < measured?
- Can we commonly < agree on progress?
 - What is the < consequence?

- Constantly identifying status quo
- Sharing the same understanding
- Balancing expectations
- Commonly agreeing on long- and middleterm development

THANK YOU VERY MUCH FOR YOUR ATTENTION!
