

Introduction

Cooperation and technical assistance activities have a fundamental role in institutional strengthening and in the development of official statistics.

The National Statistical Institute (INE) is responsible for the *preparation and execution of the Spanish general international technical cooperation plans in the area of statistics*, according to the Law on the Public Statistical Function.

The International Relations Directorate, in conjunction with the International and Ibero-American Foundation of Public Administration and Policies (FIIAPP), is the unit responsible of coordinating the international cooperation activities of INE, in accordance with the guidelines laid down by the Board of Directors and the Master Plan for Spanish Cooperation.
