Electoral roll consultation and claims

The INE E-Office provides a service for consultation of registration data in the electoral census, after accreditation of the voter's identity, with the Cl@ve system (electronic DNI, among others). And, in the case of voters residing in Spain, it also shows the electoral board and address of the polling station.

Voters, both those living in Spain and abroad, may also submit claims through the INE Electronic Office with the Cl@ve system and providing a valid certificate of registration in the Municipal Register of their residence or the Consulate Registration Rolls.

They may file complaints about their registration data in the town and city councils, consulates or provincial delegations of the ECO within the same period, from 22 to 29 December.

The electoral census of residents in Spain can be consulted from 22 to 29 December in the town and city councils and in the provincial delegations of the OCE. Voters living abroad will be able to check their registration details at consular offices on these same dates.

Requests to object to receiving electoral propaganda

Those who make the request to refuse to receive election propaganda until 29 December will not receive it from political parties in the election campaign of these elections.

Requests filed after 29 December will take effect in the following elections to be held.

The request for exclusion can be made online, with the Cl@ve system, at the INE Electronic Headquarters or in the town and city halls, consular offices and provincial delegations of the ECO.

Delivery of copies of the electoral roll to the representatives of the proclaimed candidacies

The procedure for delivering copies of the electoral roll to the representatives of the proclaimed candidacies who request them will be by downloading them from an INE portal.

As a requirement, when requesting the copies, two email accounts must be provided that will be used to send the portal candidature information and passwords for accessing the files and opening them.

Polling cards

Polling cards with information of the polling station and the polling place where the voter casts their vote will be sent from 12 January.

More information

On the [INE website](#) there is information of interest on the activities of the OCE in these elections: counting of voters, telematic procedures that require an electronic certificate, how to look up the polling station and the place where the vote is to be held, information on how to vote by post, deadlines and legal regulations.

In addition, the [INE Electronic Headquarters](#) offers the following procedures that do not require proof with an electronic certificate:

- General consultation of polling stations and polling stations.
- Consult the status of the postal vote and the registered mailing number when it has been sent to the Post Office.
- Completion of the request to vote by post for subsequent delivery to the Post Office.

In addition, the provincial delegations of the ECO deal with consultations on the actions within their competence (registration in the census, complaints, polling stations and places, postal voting, etc.) at their offices and on the free telephone number **900.343.232**.
