People sentenced according to sex. Year 2023

Absolute values and variation rates (%)

		Convicted persons	Variation rate
Gender violence	Men	37,161	2.8
	Total	8,687	23.7
Domestic violence	Men	5,898	45.3
	Women	2,789	-5.9

Regarding the duration of the cases, in gender violence a final sentence was handed down in less than a year to three out of four people (74.9% of the total). In domestic violence, in less than a year to 61.2%.

People sentenced according to duration of the matter. Year 2023

Absolute Values

	TOTAL	Less than 1 year	From 1 to 2 years	From 2 to 3 years	3 years and over
Gender violence	37,161	27,847	4,606	2,374	2,334
Domestic violence	8,687	5,318	1,559	879	931

Reviews and data updates

The data published today are final. All results of this operation are available on [INEBase](#).

Current press release at: <https://www.ine.es/dyngs/Prensa/en/EVDVG2023.htm>

Methodological note

The Statistic Domestic Violence and Gender Violence is obtained from statistical use of the Central Register for the Protection of Victims of Domestic and Gender Violence, whose ownership corresponds to the Ministry of Justice.

The objective of these statistics is to ascertain the number and some of their socio-demographic characteristics, both of victims with interim measures or protection orders and of those reported in the cases opened, as well as persons convicted by final judgement in that year of cases registered in the register both in the reference year and in previous years.

Definitions can be accessed at: [gender violence](#) and [domestic violence](#).

Type of operation: annual continuous statistics.

Population scope: In **cases opened:** Victims and those reported aged 14 or over corresponding to cases with interim measures issued registered in the Central Register for the Protection of Victims of Domestic and Gender Violence during the reference period. In **final judgements:** Those convicted by final judgement during the reference period corresponding to cases opened with interim measures issued and registered in the Register both in the reference period and in previous periods.

Geographical scope: the entire national territory.

Reference period for the results: the calendar year.

Reference period of the information: dates of initiation of the case and dates of the final judgement..

Collection method: statistical use of an administrative register.
