

17 September 2012

**Services Sector Price Indices (SSPI). Base 2006**  
Second quarter of 2012. *Provisional data*

**The greatest price decreases in the annual rate are produced in *Advertising and market studies* (–9.7%), *Telecommunications* (–4.4%) and *Information services* (–1.8%)**

**The greatest price increases in the annual rate are registered in *Scheduled passenger air transport* (4.3%), *Sea freight transport* (2.2%) and *Security services* (1.4%)**

**Annual evolution of prices in services**

Eight of the 14 activities in the services sector for which price indices are calculated, experienced a decrease in their interannual variation rate in the second quarter of 2012.

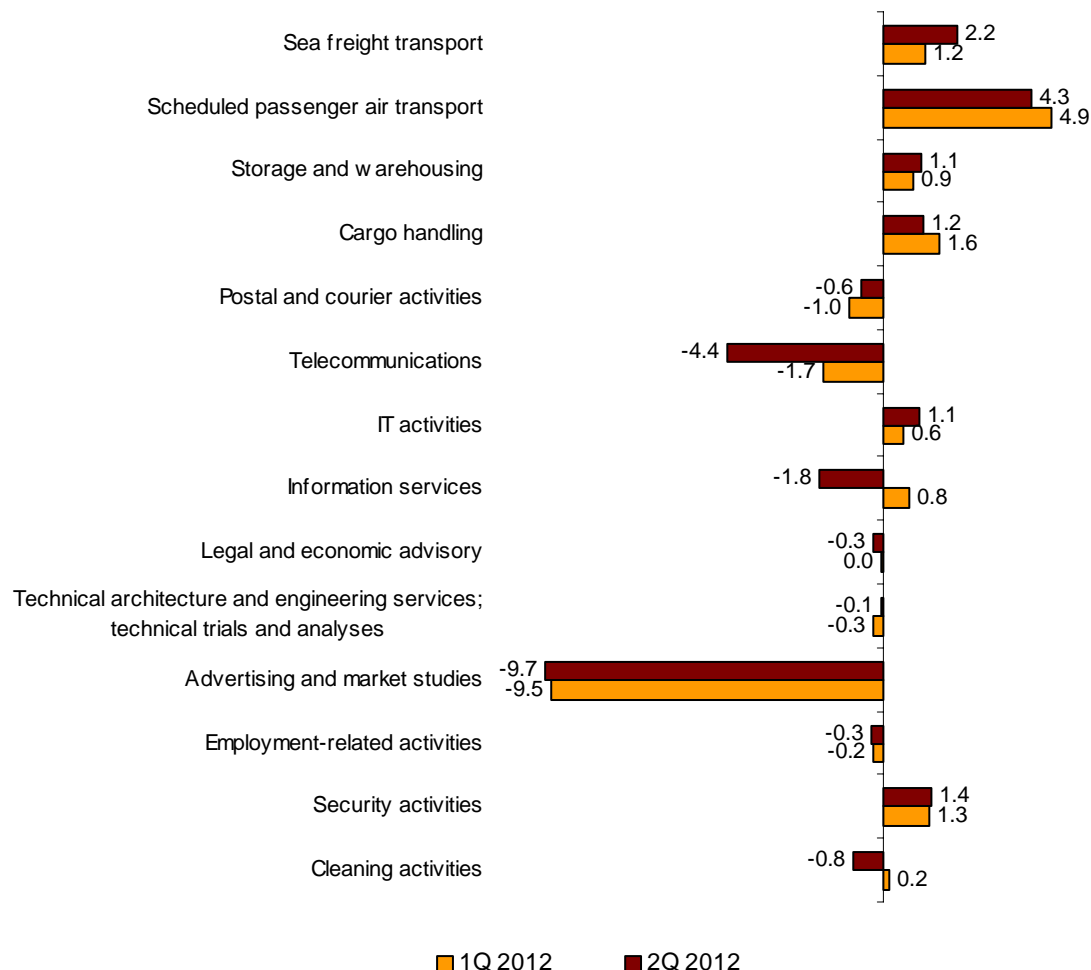

Among the services with a decrease in annual rate, the most noteworthy were:

- ***Telecommunications***, whose interannual rate decreased more than two-and-a-half points, up to –4.4%. This drop was due to the decrease in prices registered this quarter, as compared with the increase experienced in the same period of the previous year.
- ***Information services***, with an interannual rate of –1.8%, more than two-and-a-half points below that registered in the first quarter of 2012. This was due to the decrease in prices this quarter, as compared with the increase in 2011.
- ***Cleaning Activities***, whose interannual rate stood at –0.8%, one point lower than the previous quarter. This variation was due to the decrease in prices of this activities in the second quarter, as compared with the increase in the same period of 2011.

In turn, among the services with an increase in annual rate, worth noting:

- **Sea freight transport**, with an interannual rate of 2.2%, one point above than the previous quarter. This variation was due to that the prices of this activity decreased less this quarter than second quarter the previous year.
- **IT activities**, whose annual variation increased more than five tenths, up to 1.1%, due to that the prices increased this quarter than the same period of the previous year.
- **Postal and courier activities**, that increased its annual rate four tenths and stood at – 0.6%. This variation was due to that the prices of these activities increased more this quarter than those registered in the previous year.

## Annual rates of the SSPI, base 2006 Index by sector
