

QUESTIONNAIRE IDENTIFICATION NUMBER

The Continuous Household Survey is research conducted by the Spanish National Statistics Institute in order to establish the main characteristics of the population and the households resident in Spain and of the housing units to be found in the national territory.

This household has been selected at random for the sample of this Survey. We would ask you to fill in this questionnaire accurately and truthfully, in accordance with the information that you have available.

It is important to fill in this questionnaire. If no persons reside in this dwelling, or if it is intended for professional purposes or it is a commercial locale, only the first two questions must be completed.

You must fill in the questionnaire within 7 days of receiving it by means of one of the following options:

1. **Online, at:** www.iria.ine.es. In this case you will need the two passwords that you will find in the letter included in the envelope.
2. Or, if you prefer, and 6 or less people live in this housing unit, please fill in this questionnaire carefully following the instructions that you will find throughout it to make sure it is correctly completed. Once completed, please put it in the stamped addressed envelope and return it by post.

If more than 6 people live in the household, you cannot complete the hardcopy of the questionnaire. You will have to do so online or by calling the toll free number **900 344 531**.
