### **Consultation of the electoral census and claims**

The electoral census of residents in Spain can be consulted from the 25 of May to 1 of June in the city councils and provincial delegations of the Electoral Census Office (ECO). Votes resident abroad will be able to check their registration details at consular offices on these same dates.

Voters may present claims on their registration data in the city councils, consulates or in the provincial delegations of the ECO, within the same period, from the 25 of May to 1 of June.

On the INE Electronic Headquarters (<https://sede.ine.gob.es>) there is a service for consultation of the registration data in the electoral roll and the polling station and address of the electoral premises, upon accreditation of the voter's identity through the Cl@ve system (electronic ID, among others).

### **Application for a vote by electors residing abroad**

Electors residing abroad who wish to vote must apply to the Provincial Delegation of the OCE corresponding to their registration until June 13th. The OCE sends the official application form to those with the right to vote.

**Applications can be submitted online.** To do so, you must identify yourself in the Cl@ve system or use the password sent with the official form.

The form is also available at consulates and on the web pages of the convening administrations, the Ministry of Foreign Affairs, European Union and Cooperation and the INE.

### **Requests to opt out of receiving electoral propaganda**

Voters may request their exclusion from the copies of the electoral roll that are provided to the representatives of the candidacies for the sending of electoral propaganda. These exclusions are continuous and have permanent effect unless the voter expresses otherwise.

Those who make this request until the 01th of June will not receive electoral propaganda from the political parties in the election campaign of these elections. Requests received later than the 01th of June will take effect in the following elections.

The request for exclusion can be made online, via accreditation by the Cl@ve system, at the INE Electronic Headquarters (<https://sede.ine.gob.es/oposicionPartidos>) or in the town halls, consular offices and provincial delegations of the OCE.

## **Census cards**

The Electoral Census Office will send a census card each elector residing in País Vasco or in Galicia a census card with information regarding the table and the polling place where they are entitled to vote, starting on June 23th.

## **Information**

On the INE website (<http://www.ine.es>), relevant information is available on the actions of the ECO in these elections, count of voters, claims, polling stations and electoral premises, postal voting, deadlines and legal regulations.

In addition to the consultation of the current electoral roll, the following procedures are offered at the Electronic Headquarters of the INE, without the need for accreditation with electronic certificate:

- General consultation of polling stations and electoral premises
- Consultation of the status of the postal vote and certified sending number, if it was sent through the Post Office
- Filling out the application for postal voting

In addition, the provincial delegations of the ECO deal with consultations on actions within their competence (registration in the census, polling stations and voting places, census cards, postal voting, etc.) at their offices and via the telephone number +34 901 101 900.
