Application for a vote by electors residing abroad

Voters residing abroad who wish to vote must apply for their vote until the 30 of March to the provincial delegation of the Electoral Census Office (ECO) corresponding to their registration. The ECO is sending the official application form to these voters.

Applications can be submitted online. To do so, it is necessary to have an electronic certificate recognised by the National Statistics Institute (INE) Electronic Headquarters or to use the password sent with the official form.

From 5 March the form is also available at the consulates and on the web pages of the Ministry of the Interior, the Ministry of Foreign Affairs, European Union and Cooperation and the INE.

Consultation of the electoral census and claims

The electoral census of residents in Spain can be consulted from 11 to 18 March in the city councils and provincial delegations of the ECO. Voters resident abroad will be able to check their registration details at consular offices on these same dates.

Voters may present claims on their registration data in the city councils, consulates or in the provincial delegations of the ECO, within the same period, from 11 to 18 March.

On the INE Electronic Headquarters (<https://sede.ine.gob.es>) there is a service for consultation of the registration data in the electoral roll and the polling station and address of the electoral premises, upon accreditation of the identity of the voter with a recognised electronic certificate (electronic ID among others).

Requests to opt out of receiving electoral propaganda

As a result of the reform of the Electoral law, voters may request their exclusion from the copies of the electoral roll that are provided to the representatives of the candidacies for the sending of electoral propaganda. These exclusions are continuous and have permanent effect unless the voter expresses otherwise.

Those who make this request until 18 March will not receive electoral propaganda from the political parties in the election campaign of these elections. Requests received later than 18 March will take effect in the following elections.

The request for exclusion can be carried out by internet, with electronic certificate, at the INE Electronic Headquarters (https://sede.ine.gob.es/ce_exclusion_copias) or at the city councils, consular offices and provincial delegations of the ECO.

Census cards

From 1 April the ECO will send each voter residing in Spain a census card with the polling station and the electoral premises where they are entitled to vote. The information contained in this card also will be valid for the municipal, Community and European Parliament elections of 26 May 2019, unless there is a change in the data of the voters, in which case they will receive a second census card before 26 May.

Information

On the INE website (<http://www.ine.es>), relevant information is available on the actions of the ECO in these elections, count of voters, claims, polling stations and electoral premises, postal voting, deadlines and legal regulations.

In addition to the consultation of the current electoral roll, the following procedures are offered at the Electronic Headquarters of the INE, without the need for accreditation with electronic certificate:

- General consultation of polling stations and electoral premises, without the need for accreditation
- Consultation of the status of the postal vote and certified sending number, if it was sent through the Post Office
- Filling out the application for postal voting

In addition, the provincial delegations of the ECO deal with consultations on actions within their competence (registration in the census, polling stations and voting places, census cards, postal voting, etc.) at their offices and via the telephone number +34 901 101 900.
