

# Integrated audit aspects in the Hungarian GDP compilation

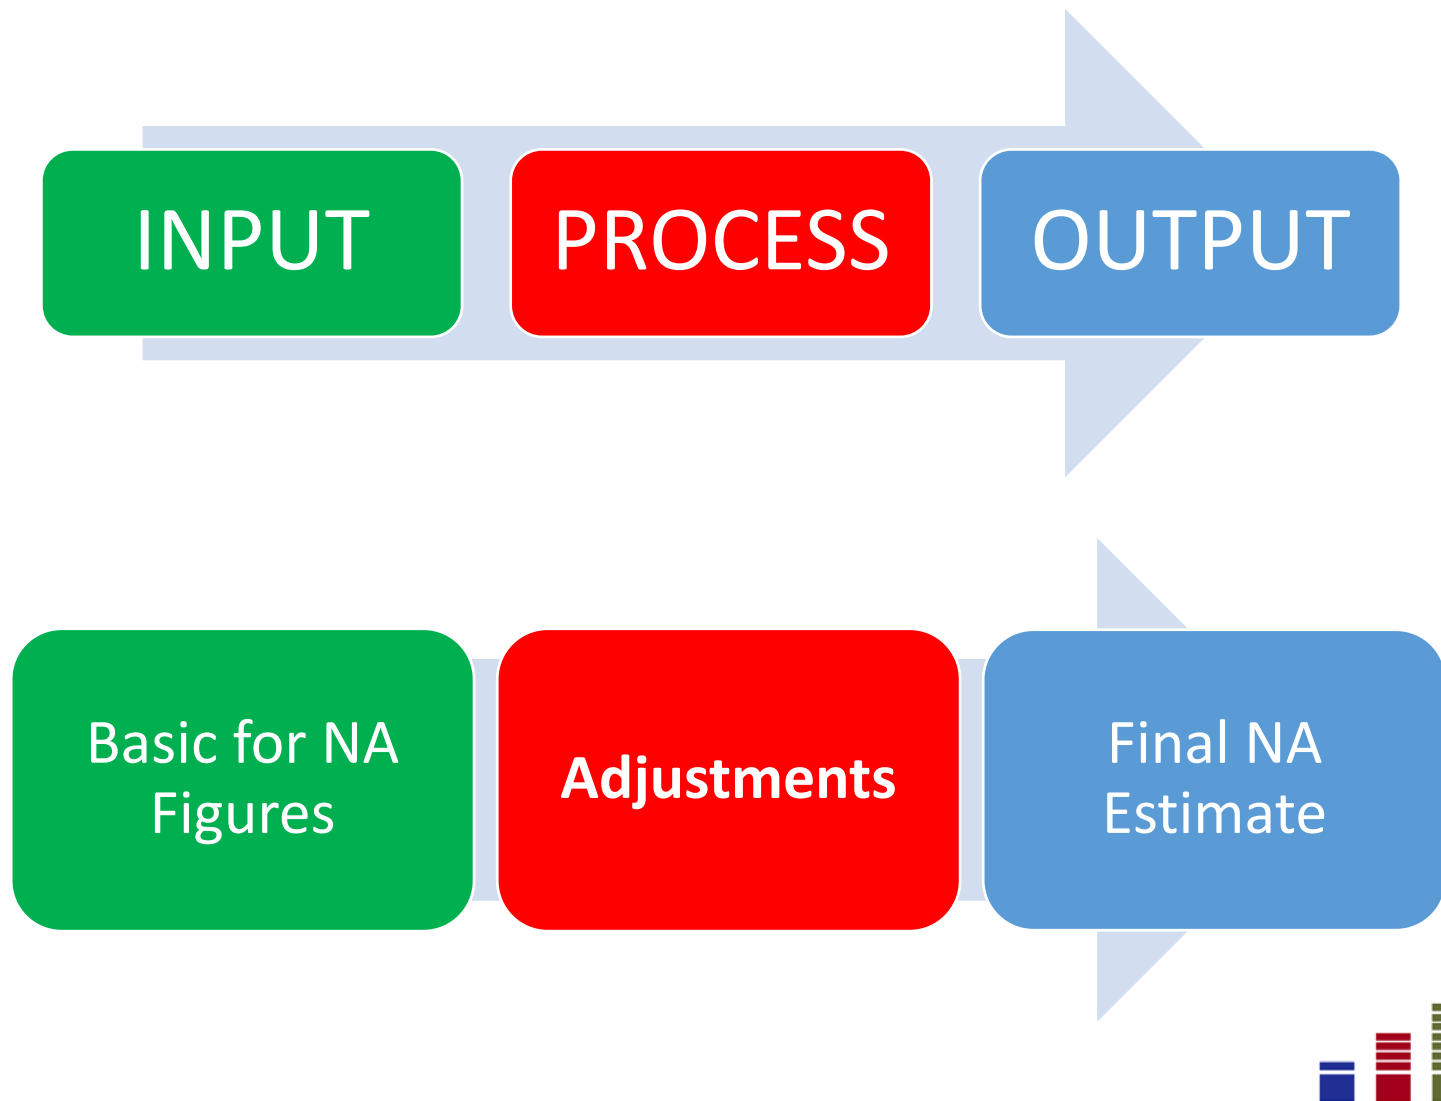

Speed Talk Session 3 – Modernisation & Big Data

**Bálint Murai**

# National Accounts data are subject to strict audit in the EU

# EU's audits have a standard framework

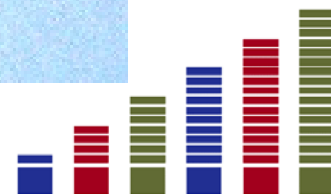

**OLD**

**NEW**

We launched a giant  
modernisation project

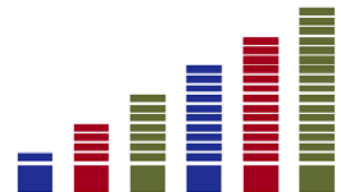

Process Table framework - in the validation

Easier to follow the run of Gross Value Added during the compilation

Faster, safer and more transparent calculations

More time for analysis and data check procedures
